

Trion Beta Folding Arm Awning

Do you want
Shade from East or West sun
Large areas of shade over a patio
Manual or Electric operation with
optional remote or automatic control?

Then you need the **Trion Beta Folding Arm Awning**

The **Trion Beta Folding Arm Awning** is designed to allow you to shut out the late afternoon or early morning sun.

All visible metal parts are powdercoated aluminium.

The **Trion Beta Folding Arm Awning** also has slope adjustment to perfectly position the awning against the sun.

The **Trion Beta Folding Arm Awning** has an additional set of arms—after you fully extend the main arms the short (900mm) extension arms take over. The extra arms are at a fixed angle and length to the main arms.
