

Cocoon Folding Arm Awning

When you don't use your folding arm awning during the cooler months the fabric can become dirty due to the effects of the elements. Disappointing when you have to clean it every year.

Solve this problem with the **Cocoon Folding Arm awning**.

When you are not using it the fabric and arms are hidden away from the elements in their own cassette.

All visible parts of the awning are powdercoated aluminium and stainless steel

Maximum width 6000mm.

Maximum projection 3500mm
